NOT A SAIL IN THE HARBOR.

Only One Steamer Here and Not a Sailing Vessel.

The American schooner George E. Butler, Captain Chase, cleared for New York yesterday with a cargo of 484,000 feet of lumber shipped by the Cape Fear Lumber Company. The vessel was by C. D. Mafftt.

This leaves in port only one vessel, the British steamer Albura which arrived a few days ago from Hamburg with a cargo of kainit for the Virginia-Carolina Chemical Company. We except the Clyde Line steamship Carib which arrived yesterday from Georgetown and will clear today for New York.

The harbor presents a singular appearance with not a mast to be seen along the entire harbor front. We doubt whether the oldest inhabitant can remember when there was such a dearth of shipping. The situation will soon be relieved, however, when the foreign steamers begin to arrive for the 1905 crop of cotton which is now coming in. So far the receipts have been only about twenty-five bales but next week the movement will begin in good earnest.

BOUND OVER TO COURT.

Case of Two Women Who Fought With Bricks.

Justice G. W. Bornemann had before him Beulah Woodward and Susan Ann Nichols both damsels of Stygian hue, who were charged with disorderly conduct. It seems that they met at the corner of Seventh and Red Cross streets Thursday afternoon and one accused the other of talking about her. Hot words followed and a pitched battle resulted. They mixed up in lively fashion and both resorted to the use of finger nails, "the ever present help of woman in time of trouble." Following this came a little brick bat practice at each other. Their aims proved to be good indeed, as one received a broken nose, the other a deep cut on the head. The McKoy woman was sent to the hospital where the cut on her head was sewed up. Justice Bornemann bound them over to the next of the Superior Court, which meets September 25th. In default of the $25 bound required of them they were sent to the county jail.

Belle King Howard and Lula Walker, colored, also had a falling out and indulged in too much sulphurous language. They were found guilty and were charged with the costs.

TESTIMONIAL FOR MR. LORD.

Fellow Railroad Men Make Him a Parting Gift.

The clerks in the car accountant's office of the Atlantic Coast Line yesterday afternoon presented Mr. J. C. Lord, the retiring chief clerk of the office, with a handsome suit case as a testimonial of their great esteem for him. The gift was presented by Mr. L. Clayton Grant, one of the young men of the office. Mr. Lord gracefully accepted the gift and in his acceptance spoke feelingly of his high opinion of each man in the office and the real regret his departure causes him.

Mr. Lord has been transferred to Montgomery, Ala., where he goes to make his headquarters as a travelling passenger agent of the Coast Line. This position comes as a promotion and is a deserved recognition of his capabilities and experience as a railroad man. He will assume his duties in Montgomery on September 1st.

SUNDAY BLUE LAW

Board of Aldermen to Tackle Question at Special Meeting This Afternoon

HOUR FOR MEETING IS 1:30

Ordinance Committee Met Yesterday and Requested Mayor Waddell to Call Board Together—Public Sentiment Calls for Action.

Residents will hail with much interest the news that a special meeting of the Board of Aldermen will be held at 1:30 o'clock today to consider the "blue law" question. What the outcome of this meeting will be remains to be seen. This meeting was called at the request of the Ordinance Committee of the Board to whom the matter was referred to be reported back with their recommendation for repeal or amendment.

A meeting of the Ordinance Committee was held yesterday afternoon at 5 o'clock in the office of City Attorney Marsden Bellamy, Jr., and was called to order by the chairman of the committee, Alderman J. O. Brown. The other two committeemen, Aldermen R. W. Price and Martin O'Brien, were present. The conference was of a private nature so what actually transpired at the meeting could not be definitely learned by representatives of the press.

The matter was fully discussed by all present but the only action taken was the drawing up of a petition to Mayor Waddell by the members of the committee, requesting him to call a special meeting of the Board today at 1:30 o'clock to consider the "blue law" question and in addition to take some definite action with regard to the Sunday laws generally. It is known that various remedies and suggestions leading to a modification of the law were offered by the committee but as stated above they took no decisive steps in the matter. A report of their deliberations and recommendations will be handed in at the Board meeting this afternoon and it will no doubt be of general interest.

The disposition of this law is now brought back to the Board of Aldermen and it is up to them to act. The Sunday law as it now stands is objectionable to a large portion of the city and it should be materially amended or repealed. Certainly the enforcement of so stringent a measure would be a source of inconvenience to the people generally.

In all probability the Aldermen will act upon this matter at their meeting this afternoon and set the city at rest one way or another. Public sentiment is in favor of some immediate action on the "blue law" question and expects the Aldermen to meet its responsibility in settling the agitation.

Certainly no one wants a "wide-open town" on Sunday but there are certain necessities and requirements of the public to be met without subjecting dealers to the provisions of a law, which if enforced, will cause them expense and annoyance and greatly discommode the public.

REGATTA THIS AFTERNOON.

Much Interest in Yachting Circles Over Contest.

Only favorable weather conditions this afternoon are needed to make the regatta of the Carolina Yacht Club the most successful one of this season. Much interest is being taken in the outcome of the race and the spirit of rivalry among the captains of the competing boats is something intense. The start will be made promptly at 3:26 o'clock and the race will be run over the course mapped out by the regatta committee of the club. The regatta committee composed of Messrs. R. G. Rankin, Jr., A. B. Skelding and Martin Calder, will act as judges of the race. The entries are as follows: "Buttinsky," Captain Henry McMillan; "Puzzle," Captain John Metts; "Kayambee," Captain Martin S. Willard; "Don Julian," Captain Aubrey Parsley.

MURCHISON NATIOAL BANK.

Resources Now $2,072,825.85 and Deposits Are $1,327,401.74.

In to-day's Star is published the official statement of the Murchison National Bank of Wilmington. A glimpse at it will disclose the splendid showing made by this strong financial institution of our city. The resources of this bank now foot up $2,072,825.85, including $300,000 capital stock and surplus and undivided profits of $152,374.11. The deposit are $1,327,401.74 and the loans and discounts amount to $1,098,430.61. The progress of the Murchison National Bank, of which Mr. H. C. McQueen is the able president, is one of the conspicuous evidences of the substantial prosperity of Wilmington. Under his management the achievements of this bank since its establishment only six years ago is one of the marvels of finance in North Carolina.

Both Belligerents Discharged.

The cases against Zack Lumley and Frank Cartwright were tried yesterday at noon by Mayor Waddell. It will be remembered that the two men engaged in a fight at the Willard Bag Factory Wednesday afternoon and Cartwright struck Lumley over the head with an oar, inflicting a painful wound. Cartwright declared that Lumley was approaching him with a mallet and that he used the oar in self-defence. When the facts in the case were aired yesterday, His Honor decided that Cartwright was fully justified in his use of the oar and that there was not sufficient evidence against either participant to bind them over to the higher court. Cartwright accordingly was dismissed and Lumley was dismissed also as the Mayor thought he had received enough punishment.

A pleasant time is in store for all those who go to Carolina Beach on Sunday. **

BASEBALL THIS AFTERNOON.

A. C. L. Team and Soldiers to Play Off A Tie.

It will be a case of "Greek Meet Greek" when the Atlantic Coast Line and Fort Caswell teams line up against each other this afternoon at Hilton park. "Play ball" will be called at 4 o'clock and from then till the end of the game the spectators will have the pleasure of witnessing the cleanest and fastest baseball game of the season.

This game will be hotly contested at every point, because it is the deciding game of a series between the two teams. The first game was won by the home boys by a score of 9 to 8 after a hard fought 10 inning contest. The second game was played to a standstill, the score being 10 to 10 at the end of the eleventh inning. This game was played on a rainy afternoon which accounts for the big score.

Last Saturday afternoon the soldiers trounced the locals by a score of 5 to 2. This was a pretty game and the soldiers won it by superior work with the stick. The Coast Line team, however, was handicapped by the absence of two out-fielders, who were unable to play.

To-day both teams go into the game with their strongest line-up. Either Grimes or Oberley will do the twirling for the Fort team and Sublett will do the receiving act.

The Coast Line team will be strengthened by the addition of Emerson, Calder, Zellers and Hogue. The two players first named starred on the University of North Carolina team this year and will make a fast pair to-day at short and third respectively. Zellers, an old Wilmington pitcher, has been secured to do the pitching, and he has something in the way of curves and speed that will surprise Uncle Sam's boys. Moore will catch him. Hogue is one of the fastest centerfielders playing in the South, and has had considerable experience playing at Sewanee University, and on the Augusta team in the Southeastern League. He will be a valuable addition to the team to-day. McIntire will play first base, Green second, Mills left-field and Morse right-fielder. These men are all ball players and will be there with the goods to-day.

The "fans" with do well to go out to-day for the game promises to be exciting and closely contested. Both teams have blood in their eyes and whichever one wins will have to play the game of their life to do so. Four o'clock is the time; Hilton Park the place.

BIG DAY FOR THE NEGRO.

Gov. Glenn Receives Hearty Welcome at Fayetteville.

The Fayetteville Observer yesterday says:

"Though there are not quite ten thousand colored people in the city, there are lots of them, and this afternoon the great armory hall is packed to overflowing with them listening attentively to an eloquent industrial and educational address by Governor Robt. B. Glenn.

"The Governor arrived here at 11 o'clock this morning from Red Springs and was met at the station by a committee consisting of the Mayor and the white school committeemen, and a committee of prominent negro citizens. The committees were accompanied by a colored band, which played "Hail to the Chief," as the Governor stepped from the train.

"The Governor was escorted to the LaFayette Hotel, and retired at once to get an hour's rest, saying that he had not slept but three hours in two nights.

"At 1 o'clock a procession formed at the Howard School House, and marched to the hotel, where it was joined by the Governor, the Mayor and white school committeemen, and then paraded through the streets, halting at the armory, where the Governor spoke. The procession was headed by the band, then the Governor's carriage, with a mounted escort of four influential colored citizens. Then five tastefully decorated floats, one drawn by four horses, and representing a school room with children at their desks, and some sewing and washing. This was followed by a float representing a kitchen with children making bread, etc. The next float represented the dye-room at a silk mill, with a dozen sturdy negro boys at work, and singing well a number of songs. Two other pretty floats followed containing school children. All together it was a most creditable display, and its promoters deserve much credit for its success.

"The Governor said he and the colored people were friends and citizens, and told a joke on himself which was highly enjoyed. A negro lawyer, wanting to pay him a compliment, said, "If Governor Glenn keeps on as he has started, he will make the best negro Governor we have ever had!'"

Bulluck-Shepard Case.

The cases against Messrs. D. A. Bulluck and Ernest Bulluck, charging them with assaulting Mr. J. C. Shepard, were tried yesterday before Justice John J. Furlong at the Court House. A large crowd was present to hear the investigation. At the beginning of the trial, the Messrs. Bulluck through their attorneys, Messrs. John D. and William J. Bellamy, submitted to the charge of assault. Several witnesses were examined and at the conclusion of the evidence, short arguments were made by counsel for both sides. Justice Furlong fined the Messrs. Bulluck $5 and costs each. Mr. Shepard was represented by Geo. L. Peschau, Esq., and R. K. Bryan, Esq., of Scott's Hill.

Princess Street Values.

The property on Princess street between Second and Third streets sold recently by Mr. Carl Mugge to Mr. Tom Quinlivan, brought the price of $3,000. The lot fronts 23 feet on Princess street and has a depth of 66 feet. This is about $130 per front foot. Mr. Quinlivan will continue to use the property as a smithy.

FOR RIFLE PRACTICE

Steps Taken to Establish Permanent Range in Eastern North Carolina

MEETING AT RED SPRINGS

Committee Appointed to Select Location Accessible to Companies of Third Battalion—Efficiency In Rifle Practice.

Col. T. C. James returned yesterday from Red Springs where he attended the Home Comers' celebration, which event has been a great success. Last Wednesday was military day and there was a goodly representation of the North Carolina National Guard to take part in the military parade. The Fayetteville Independent Light Infantry, the Lumber Bridge Light Infantry and the Maxton Guards participated in full force.

Quite a number of regimental, battalion and company officers were there and after the conclusion of the military exercises a meeting of the Third Battalion Rifle Range Association was held with the following officers and incorporators present: Lieut. Col. T. C. James, Wilmington; Major J. C. Vann, Major J. G. Hollingsworth, Captain N. H. MacGeachy, Lieut. E. R. MacKethan, Fayetteville; Col. Stephen J. Cobb, Captain J. W. Hall, Lieut. J. B. Malloy, Lieut. J. C. Clifton, Lieut. R. A. MacEachern, Lumber Bridge; Major G. B. Sellars, Capt. W. O. Burns, Lieut. A. B. Croom, Lieut. F. L. Black, Maxton. On motion of Major Sellars, Col. James was called to the chair, and Lieut. MacKethan was requested to act as secretary.

Major Vann, of Fayetteville, a veteran marksman, was called on to state the object of the meeting. He stated that the officers named, together with those of the Clinton company, had been designated by the last Legislature as the incorporators of the Third Battalion Rifle Range Association, and that the object of the association was to secure a permanent, and convenient site accessible to the several companies, for the erection of a permanent rifle range for the promotion of rifle practice. He stated the vital importance of efficiency in rifle practice for the soldier, and how, though we had the best of material, our State had no provision whatever along this line which would enable her soldiers and interested citizens to practice and send out teams to represent us, as other States are represented, in the great matches of the country. He cited the Avondale rifle range near Savannah and the fine range at Sea Girt in New Jersey. He further stated that the government had taken an especial interest in promoting this work, and that substantial help would come from this source, if we only made a move in the matter, the more so as it would be the first organized range in the State.

On motion of Major Sellars, seconded by Capt. MacGeachy, and discussed generally by the officers, it was finally resolved that a committee be appointed, consisting of Major G. B. Sellars, Major J. C. Vann, Adjutant R. A. MacEachern, and the captains of the four companies, to take the matter in charge and determine the best and most accessible location among the several competing points. This is a very important matter to the North Carolina National Guard, as Major Vann strongly made it appear.

LAST DANCE OF SEASON.

Closing Event at Seashore Hotel To-Night.

The dance at the Seashore Hotel to-night will be the last one for this season. This news will be received with regret by a large coterie of young people in the city for the week-end dances at the Seashore have been one of the most attractive features of the life at the beach this Summer. Music for the dance will be furnished by the excellent orchestra of the hotel.

A sacred concert will be given Sunday morning at 11 o'clock in the hotel lobby and a cordial invitation is extended to the public to be present. This will be the last concert, as the orchestra will disband Sunday night.

Well Known Colored Citizens.

William Hall, colored, a laborer for many years at the mills of the Kidder Lumber Company, died at his home in this city yesterday morning. He was a worthy, faithful man and was esteemed by all who knew him. The remains will be taken to Brunswick county for interment.

Another death yesterday morning was that of James Sheridan, colored, son of Louis Sheridan, the well known stevedore. He had been sick quite a while at the Marine Hospital. The funeral will take place Sunday afternoon at St. Luke's A. M. E. church.

Real Estate Transfers.

The following deeds were registered yesterday at the office of the Register of Deeds: Mrs. Lena Wessell to The Wilmington Homestead and Loan Association, consideration $1,000, a lot on Second street between Market and Dock streets; William and Rebecca Anderson of Ocala, Fla., to Fred. and Hattie Alston, for $500, a lot near the corner of Anderson and Miller streets; Henry C. Green to Ann Eliza Roberts, for $125, a lot near the corner of Green and Anderson streets.

Death of Miss Hargrove.

The Rev. Edward Wootten has returned from Sampson county where he conducted the funeral services of Miss Elizabeth J. Hargrove, a most estimable lady who died at the family residence near Faison, on Wednesday last. The interment was made in the family cemetery. Miss Hargrove belonged to a prominent family in Sampson county and her death is greatly deplored in the community.

EXCEEDINGLY UGLY CHARGE.

Insane Patient's Death Alleged to Have Been Cause by Attendants.

(Special Star Telegram.)

Raleigh, N. C., August 25.—Thos. H. Hall, an insane patient at the State Hospital here from Chatham, died to-night as a result of a sensational attempt to escape from the institution, there being also charges that death was from unnecessary force used by attendants in re-capturing him. Early in the afternoon Hall, while out walking with a party of patients, dashed away across the open fields. Three attendants gave chase more than a mile across ditches, barbed wire fences, and through thickets. The maniac dashed into the public road at one point, leaped into a countryman's wagon, threw him out, and attempted to drive away. He couldn't manage the team, jumped out and ran for it again. One of the attendants overtook him near the Southern Railroad track, and in the scuffle while trying to hold the maniac until assistance arrived, the two men rolled down a twenty-foot embankment. On the way back to the hospital, Hall fainted and he continued to sink until he died later in the night. Superintendent McKee says death resulted from being overheated by the run and the fierce resistance he made to the attendants. Citizens in the locality discredit the theory of overheat, and insist that too great force was used in retaking the man. He had a severe gash on the top of his head, which the attendants say came from the barbed wire fence, but others charge was due to the man's being struck over the head. Superintendent McKee says he has investigated the case, and is satisfied no unnecessary force was used.

The report will be as to the amount and character of the lands and as soon as the report is received the lands will be placed on the market.

JAPAN AND GREAT BRITAIN.

New Treaty is Reported to Have Been Signed.

By Wire to the Morning Star.

London, August 25.—The Associated Press has good reason for stating that a new Anglo-Japanese treaty of alliance has been signed. The foreign office declines to give official confirmation or denial, but the Associated Press understands that the treaty was signed some days ago.

The new treaty is broader in scope in some respects than the former treaty, notably where it includes the recognition by Great Britain of a Japanese protectorate over Korea and on other points which it was not necessary to include in the old treaty. In some respects the new treaty contains limitations as compared with the old treaty. For instance, the latter contained a clause to the effect that in case of a combination of the powers against Great Britain Japan would be obliged to assist her ally, while the clause in the new treaty only requires the assistance of Japan so far as British colonies in the Far East and the Pacific are concerned.

WILMINGTON, N. C.

Saturday Morning, August 26.

STOCK BROKER IN JAIL.

As a result of the investigation of the grand jury at Washington into the cotton leak investigation, Frederick A. Peckham, a New York cotton broker is in jail. He has been indicted in Washington and a warrant was issued for the broker's arrest. He was found at the Grand Union Hotel, Saratoga, N. Y., on Wednesday and was taken into custody.

Peckham was arraigned before a United States Commissioner and the hearing was adjourned till Thursday morning. In default of $12,000 bail, Peckham was sent to Saratoga county jail. Two indictments were found against Peckham in the District of Columbia and a bench warrant was issued for him by Judge H. M. Clabaugh of the District Supreme Court. The purpose of adjourning the examination before the commissioner at Albany was to allow time for the arrival of United States District Attorney G. B. Curtis, of Binghampton, N. Y., to appear for the government.

Peckham's arrest caused a surprise in Washington, as the first intimation that he had been indicted came when the dispatches announced his arrest at Saratoga. Then it transpired that Peckham's arrest was the result of discoveries made by District Attorney Beach. Mr. Beach suspected on Monday that Peckham was contemplating a vacation to Canada, and the arrest was made to keep him from getting beyond reach of the courts of the United States. It is understood that former Associate Statistician Edwin S. Holmes, who is responsible for the cotton leak, is already in Canada, and that he expects to be abroad till about the middle of September. It is presumed, however, that Mr. Holmes' stay is for an indifinite time. He evidently went to Canada until he could learn what the grand jury was going to find out, and we suspect that if things appeared to be squally he would hide out in Canada and keep away from the storm centre at Washington.

It is understood that the bench warrant for Peckham's arrest charges conspiracy to defraud the government in connection with the cotton crop report of the Department of Agriculture. It will be remembered that Peckham's name has been associated very closely with Moses Haas of New York, also a cotton broker. Both declined to testify before the grand jury in Washington. Secretary Wilson reported that L. C. Van Riper of New York, said that Haas acted as a go-between in conveying information from Holmes, the dismissed associate statistician, to other New York brokers. Correspondence between Holmes and brokers found by the Secret Service agents contained the initial "P." According to the report of Secretary Wilson on the investigation he made, Holmes admitted that he and Peckham had close relations and were at one time associated in a business venture in which Holmes was to have an interest equal to the sum of $6,000 as a gift from other members of the firm. Secretary Wilson said that Holmes admitted that when he had occasion to visit New York he frequently found that his hotel bills were paid by Peckham or Van Riper.

The people of the South are deeply concerned in this cotton leak investigation, and it is hoped all the facts in the scandal will be brought out by the Washington grond jury. The next thing is for the courts to make it hot for everybody who had anything to do with this monstrous outrage.

FEVER IN NEW YORK AND PHILADELPHIA.

A correspondent has written to the New Orleans Picayune to ask how it is that yellow fever was formerly periodical, frequent and severely fatal at New York and Philadelphia, and is now unknown in such Northern latitudes.

History shows that the disease appeared at Philadelphia in 1699 and wrought great ravages. In 1762 it was again frightfully fatal at Philadelphia, and it made an awful visitation at New York in 1791. In 1793 it was again at Philadelphia and raged with great fury. In 1798 it visited many places along the Northern coast of the United States, and reappeared at Philadelphia in 1802.

Our esteemed New Orleans contemporary answers its correspondent as follows:

"The only reasonable explanation of these terrible outbreaks of yellow fever in those Northern localities is that either infected mosquitoes were carried there by ships from the tropics, or that the stegomyia is at home in those Northern latitudes and secured the infection from yellow fever patients carried there from tropical ports.

"There are a great many varieties of mosquitoes, and science knows very little about any except the few sorts it has studied. That there are mosquitoes all the way along the coast, from the Gulf of Mexico to Greenland, is certain. But what may be the ability of many of them to propagate disease is not known, because they have not been studied.

"In all probability, and it may be said with certainty, in the light of the far northward range of yellow fever two centuries ago, that there are mosquitoes far to the North that are capable of communicating yellow fever to others, when once infected by it. Yellow fever epidemics in Philadelphia and New York in old times present no difficulties in way of mosquito doctrine of the causation of that disease. The New Jersey mosquitoes are commonly regarded as the most ferocious and stalwart to be found anywhere, and there is no reason to doubt their ability to carry any disease with which they may become infected."

The fact is that some of the most vicious mosquitoes known to biologists infect even the arctic regions. It is stated that in Alaska there are very large mosquitoes that manifest a desire to literally eat a man up. Indeed there may be mosquitoes equally as dangerous as the tropical stegomyia fasciata, and so far as we are concerned we don't tie to any of them. War ought to be made against the entire breed. The Picayune defends the mosquito theory but evidently also believes that all kinds of mosquitoes may transmit yellow fever as well as the stegomyia fasciata, which is other words for the mosquito with pretty stripes or bands of gray about his body. The Picayune says about the mosquito theory:

"The only objection to the doctrine as taught here is that the war is confined to the cistern mosquitoes. Common sense and common prudence demand that a vigorous attack be made on mosquitoes in the street gutters and ditches, otherwise it will be necessary to fumigate every house in the city every day. That alone will give protection unless the war is carried on against the ditches and gutters."

THE COTTON MARKET.

New York, August 25.—The cotton market was less active with fluctuations irregular but comparatively narrow. Thec lose was at a net decline of 5 to 6 points. Sales estimated at 350,000 bales. The opening was quiet but firm at an advance of 2 to 5 points and the market shortly afterward showed a net gain of 5 to 6 points on the active months on scattered covering and a little fresh buying for long account inspired by fairly steady cables and the failure of the predicted showers to appear in the Southwest. Eleven thousand bales of local stock were reported damaged or destroyed in a warehouse fire last night and this also led to some demand, though the local bulls were not supporting the market and after the first bulge there was active selling by local bears and considerable realizing under which prices reacted to a net loss of about three points. The decline brought in a few supporting orders from the Southern and Wall street bulls, but buying did not become aggressive and after an irregular middle session, during which prices showed an average gain of about 4 points, the market again eased off under private reports of rain in Texas and lower temperatures. The close was steady but within a point or two of the lowest Southern spot markets were unchanged to 3-16c lower.

Receipts at the ports today 7,890 against 8,415 last week and 7,326 last year. For the week, estimated 52,000 bales against 50,669 last week and 32,539 last year. Today's receipts at New Orleans 942 bales against 382 last year, and at Houston 3,509 bales against 4,904 last year.

OUR SHOE DEPARTMENT

We have been receiving a great quantity of Fall shoes and we handle several strong lines. We sell the Crosset shoe that makes life's walk easy for men. To wear this shoe will be a pleasure to them and the style they represent are all up to date new things. We sell the Battle Ax shoe in all its different styles, from $1.25 to $3.50 a pair. We are showing a line of shoes for men, of genuine Goodyear welt, shoes that retail everywhere for $2.50, we are making a special offer of $2.00 on this line. We sell a man a good all solid shoe for $1.25 a shoe that will wear and prove satisfatcory. In our ladies' shoe department, we sell "The Southern Girl." "The Southern Bell," "The Vicious," and several other lines, all at $1.50 a pair. "The Southern Bell" and "Vicious" is absolutely guaranteed to wear and is solid in every pair. If not satisfactory, we give a new pair in place of them. You get the same service that you do in a $2.50 shoe and only pay $1.50. We handle all grades of boys and girls shoes and in all prices, from 25c to $2.50 a pair.

FURNITURE.

Our furniture store shows a nice selection of iron beds, a big line of springs and a splendid line of mattresses. A nice line of cots, pillows, some extra good lounges, plenty of bed room suits from $16.00 to $75.00 a suit. Iron beds from $2.98 to $10.00 each. Wire springs from $1.98 to $5.00 each. Felt mattresses at $6.00, $7.50 and up to $15.00 each. Cotton top mattress full size, extra heavy at $1.98. A mattress cotton both sides, tufted edges for $3.25 each. Blankets, quilts and comforts, all grades and styles. We feel that our stock is complete in this line. We are offering some very good values for your inspection. Our big clothing store is new with us from last season. Our stock this Fall will be all new. We bought our Winter stock early in the season and had them made especially to our order. We have also added a nice tailoring department in which we can show you five hundred samples to select from. Every garment suit is guaranteed to fit and we feel certain that our prices are lower than other concerns. We believe in small profits and quick sales. We would like to show you our book of samples. Why not step in and see them.

In our big store Nos 208 and 210 which is 49 feet wide and 125 feet long, is filled full of goods for ladies and families. We carry the greatest assortment of dress goods sold in the city and almost in the State. We bought our dress goods stock early, from different factories in the month of June. These goods are made especially for our store and we are today able to sell dress goods as low as we ever have in the history of our business. Our serges are 44 inches wide, extra heavy weight that we can show you for 50c a yard. Our ladies' cloth that we sell for 98c is 54 inches wide and extra nice quality. It is finished with a high soft finish and has been sponged and shrunk and is of the same quality that you are offered elsewhere at $1.25. In our dress goods department we are showing a line of goods that represents all the Fall styles in tricats, serges, coverts, sicilians, brilliantines, broadcloths, kerseys, flannels and dozens of other materials too numerous to mention.

Why stop to think. Go to Gaylord's with your memoranda. He can fill it complete.

His clothing store for men and boys. It is no joke, we have the grandest assortment of clothing of any store in town. Our Fall stock is bought from the best tailoring concerns in the country and our goods are the latest and newest styles. We can fit your little son with any kind of suit you may like and for yourself, yes you, it matters not who, if you want to pay a little or you want to pay much. Our stock and selection is great enough and we think we can please both you and your pocket book. You know the old adage "a dollar saved is a dollar made." Why pay the regular clothing house a hundred per cent. profit, when Gaylord will sell it to you for 25 per cent. Look through our stock and see if it is not as large or larger than any house in the city. The named prices would be of no value to you nor a guide as quality represents price and we claim to sell good quality with a low price. To prove this, we ask you to give us a look. Go in our store, 206 Front street, and see the prettiest store in the State, 35 feet wide by 120 feet deep, where you will find men's clothing, boys' clothing, shirts, collars, neckties, handkerchiefs and gent's general furnishings on the first floor. We also carry men's overalls, The Headlight, the best overall sold in the world, every seam is felled and every garment is sold on an absolute ten day's guarantee. If not perfectly satisfactory we take them back and refund the money. They are no more than any other overall, only $1.00 each. We have also a cheaper brand called "Never Rip," extra good value at 50c a pair.

Our line of hosiery and gloves is something for your consideration. We fel that our stock is complete in this line and we don't stop to worry your memorandum. Gaylord has what you want. He owns his goods at the right price and he wants to sell them. He pays cash and he gets cash. You pay nobody's debts buying from Gaylord as he treats every one alike. He punches cards with every purchase and gives away valuable presents free. He looks after your wants in all the small things you may need and sells you many articles for two and three cents that others charge you five cents for, and the same way through the whole store.

You cannot miss the place, it is near the Postoffice, Nos. 206, 208 and 210 North Front street. The largest one man's store in the State.

SPIRITS TURPENTINE.

—Raleigh charges boot-blacks a license fee of $5 a year.

—Winston Sentinel: Mr. Rollins denies that Mr. Butler is the real leader of the Republican party in North Carolina. It is suggested that if he is not now he will be if Mr. Rollins don't watch out.

—The grand climax in the home coming celebration was reached at Red Springs on Wednesday. There was an immense crowd and the speakers were Gov. R. B. Glenn, former Senator John L. McLaurin, of South Carolina and Judge Fulmore, of Texas, a son of Robeson, who removed to Texas after the Civil War and where he has risen to distinction and honor.

—Roanoke News: There is talk of another passenger train for the Weldon and Kinston branch, giving a double daily service in each direction. The new train would leave Weldon each morning for Kinston about the same time the present passenger train leaves Kinston for Weldon, and would return here at about six or seven o'clock in the evening. This would be a very convenient schedule for every one living along the line and for people who travel between Weldon and Kinston.

Raleigh correspondence Charlotte Observer: Secretary Bruner, of the Board of Agriculture, is very much astonished at the fact that so few applications for tenants or laborers have come to him from the people of this state, in response to his circulars. It had been understood that great numbers were desired, and, in fact, that 250,000 people could be placed, but not enough applications have come in to make up a car load of people, and he does not care to go to New York after a smaller number than a car load, say 50 or 60. There are really more offers to sell land than there are applications for immigrants.

—The Naval Intelligence Bureau at Washington has issued a revised table showing the naval strength of the seven chief nations of the world. The United States in total tonnage stands fourth, being outranked by Great Britain, France and Germany. This country stand fifth in the number of battleships, seventh in armored cruisers, fourth in cruisers above 6,000 tons, seventh in torpedo boats, sixth in torpedo boat destroyers and fifth in submarines. If any of us tremble over these standings below the top we may console ourselves, however, with the reflection that we stand first in marksmanship and quality of the men behind the guns and in two or three years we shall have doubled our number of battleships and have multiplied our big armored cruisers by six.—Elmira (N. Y.) Gazette.

—There has been much comment, some serious and some in lighter vein, upon the recent dining at Saratoga, but it all comes back to this proposition, often laid down by The Observer; that the trend of thought of the North and South upon the subject of social equality is irreconcilable. Neither section can understand the other. The Northern man cannot see why a Caucasian may not as well dine with an African as with an Asiatic and the Southern man cannot understand why the Northern man doesn't understand. As for the criticism of a black man for accepting an invitation to dine with a white man when one section thinks nothing of it and the other thinks everything—that is unjust. How can the blackman be expected to resist this appeal to his vanity—regard such opportunity for association with his race and social superior, especially when his host is a President or a merchant prince?—Charlotte Observer.

—Raleigh News and Observer: Two letters came to Raleigh yesterday that illustrate the growing reputation of North Carolina as an educational State. One was from Asia, the other from South Africa. The agricultural and Mechanical College received an application for admission into the agricultural course of study of two young men from Sirur, Poona District, India. They desire to study the most improved methods of farming, especially in cotton. Application was also received by President Winston for a graduate of the college in agriculture to go to a large plantation in South Africa, at Laurenzo, Marques, where he will be received first as manager and then as partner, if successful as manager. The party making application is Dr. Ednardo d'Almeida Salhanda. The reputation of North Carolina's institutions of learning have spread over many countries, and this is not the first time a Tar Heel college has received an application for a graduate to go to some foreign country for the purpose of promoting an industry, or taking charge of an enterprise.

A Touching Story

is the saving from death, of the baby girl of Geo. A. Eyler, Cumberland, Md. He writes: "At the age of 11 months, our little girl was in declining health, with serious Throat Trouble, and two physicians gave her up. We were almost in despair, when we resolved to try Dr. King's New Discovery for Consumption, Coughs and Colds. The first bottle gave relief; after taking four bottles she was cured, and is now in perfect health." Never fails to relieve and cure a cough or cold. At R. R. TESTS PATIENCE

The Most Patient Wilmington Citizen Must Show Annoyance at Times.

Nothing spoils a good disposition,
Nothing taxes a man's patience,
Like any itchiness of the skin,
Itching Piles almost drive you crazy.
All day it makes you miserable,
All night it keeps you awake.
Itch! Itch! Itch! with no relief.
Just the same with Eczema.
Can hardly keep from scratching it.
You would do so, but you know it makes it worse.
Such miseries are daily decreasing.
People are learning they can be cured.
Learning the merit of Doan's Ointment.

Plenty of proof that Doan's Ointment will cure Piles, Eczema or any Itchiness of the skin.

Read the testimony of a Wilmington citizen.

H. Cronenberg, Photographer, of 119 1-2 Market street, says: "I used Doan's Ointment and it did its work promptly and permanently. I had a rash all over me, and no one knows how I suffered. It was like being in the infernal region and I could get no relief. I did not dare scratch because that made it worse. I tried everything but only to be disappointed. Some one told me about Doan's Ointment and I procured a box at R. R. Bellamy's drug store. I went home and applied some of the ointment, and I can say, brought the first relief I had for a long time. I can only add that it is a preparation of great merit."

WASHING WITHOUT WATER

Like Trying to Get Rid of Dandruff Without Herpicide.

Did you ever see any one trying to wash themselves without soap or water?

If you did what would you say of him?

It is every bit as foolish to try to get rid of Dandruff and to prevent Baldness by feeding the germs which cause it, with Canthrarides, Vaseline, Glycerine and similar substances which form the principal ingredients of most so-called Hair Vigors.

Newbro's Herpicide is successful because it attacks and kills the parasitic germ which feeds on the hair roots.

It is the original and only genuine scalp germicide manufactured.

Truths that Strike Home

Your grocer is honest and—if he cares to do so—can tell you that he knows very little about the **bulk** coffee he sells you. How *can* he know, where it originally came from, how it was blended—**or with what**—or when roasted? If you buy your coffee loose by the pound, how *can* you expect purity and uniform quality?

LION COFFEE, the LEADER OF ALL PACKAGE COFFEES, is of necessity uniform in quality, strength and flavor. For OVER A QUARTER OF A CENTURY, LION COFFEE has been the standard coffee in millions of homes.

LION COFFEE is carefully packed at our factories, and until opened in your home, has no chance of being adulterated, or of coming in contact with dust, dirt, germs, or unclean hands.

In each package of LION COFFEE you get **one full pound** of Pure Coffee. Insist upon getting the genuine. (Lion head on every package.)

SUCCESSFUL TRIAL OF SUB-MARINE BOAT

President Roosevelt Went Down With Her and Was Favorably Impressed With the Boat.

By Wire to the Morning Star.

Oyster Bay, August 25.—President Roosevelt late this afternoon made a descent in Long Island sound on board the submarine topedo boat Plunger. He was abroad the vessel about three hours. At one time the little boat was submerged for fifty minutes and in that time was put through all of the submarine feats of which she is capable. The President expressed delight at the novel experience and said that he was immensely impressed with the boat and with the manner in which she was handled. In thus braving the dangers of submarine manoeuvring, the President has endeared himself to naval officers and men the world over and made Lieutenant Charles H. Nelson, commander of the Plunger, the proudest and happiest man in the United States navy.

The President's intention not only to make a personal inspection of the tiny vessel; likely to prove so deadly in naval warfare, but to make a submarine descent in it, was reached after a conference with Lieutenant Nelson.

The Plunger's commander explained to President Roosevelt the operations of the boat and assured him that a trip on her and a descent into the depths of Long Island sound would be as devoid of danger as would be a trip on a New York subway express train.

As soon as the President had descended into the boat the manholes were closed and convoyed by the naval tender Apache, the Plunger started for the sound.

No maneuovres were attempted until the vessel was well beyond the entrance to the bay. A stiff northwest breeze had been blowing since last night and kicked a heavy sea in the sound, but the Plunger behaved beautifully. The water where the trial took place is about forty feet deep, too shallow in the opinion of Lieutenant Nelson and his experts to enable the vessel to do her best work. Soon after the vessel reached the necessary depth of water she was directed downward until she rested on the bottom of the sound. Then the mechanism of the craft was explained minutely to the President by Lieutenant Nelson so that he afterward had no difficulty in understanding the manoeuvres which were performed.

While the President thus was resting on the bottom of the sound in a submarine boat a storm forty feet above him was raging unnoticed. The rain descended in torrents and the northeaster whipped the surface of the water into big rollers but it was as quiet and peaceful where the President was as a parlor would be.

Explanation of the working of the vessel having been completed Lieutenant Nelson began to put her through her paces. From the bottom porposie diving was tried, that is, the boat would ascend to the surface of the surface of the sound for several seconds, long enough to enable her commander to sight any warship that might be within view and then dive again immediately. After this manoeuvre had been repeated a few times the Plunger was sent down a distance of 20 feet below the surface and her engines stopped. Then the engines were reversed and the boat ascendd to the surface backwards. Lieutenant Nelson made his boat perform the remarkable feat of diving to a depth of 20 feet and while going at full speed at that depth, reversing her course. The complete turn occupied only one minute. Subsequently the engines were stopped and the vessel was submerged to a depth of 20 feet. There she was kept motionless giving a demonstration of her ability to remain in that position for hours while awaiting an oportunity to launch one of her torpedoes at a vessel of a blockading squadron which might be passing or re-passing a given point. After manoeuvres had been performed, Lieutenant Nelson ordered all lights on board to be extinguished to demonstrate how thoroughly the members of his crew knew their business. They worked perfectly in the inky darkness, evidently with as much skill and ease as they performed their duties in the glare of the electric light.

During the operations of the Plunger the tender Apache remained within a short distance, prepared to render any assistance that might be necessary. She was not needed, however, and the Plunger returned to her moorings near the J. West Roosevelt pier without an untoward incident. The President shook hands with all the crew as he left the vessel to return to Sagamore Hill.

WARM WIRELETS.

The Memphis board of health issued a statement to-night denying emphatically the presence of yellow fever in this city. The statement was occasioned by a report from New Orleans stating that the United States authorities there had information which led to a belief that yellow fever existed in Memphis.

As the result of a race war at Carlisle, Ind., the negro Baptist church was destroyed early yesterday by dynamite which was placed under the altar. Bloodhounds have been put on the trail of the dynamiters. Threats are being made that if any arrests are made, every negro in the town will be driven out.

A man who gave his name as J. Wentworth, of Baltimore, jumped overboard from the steamship Berkshire, of the Merchants' and Miners' Transportation Company, en route to Savannah from Baltimore and was drowned. No letters were found in his effects to further identify the passenger, who stated during the voyage that he had recently been to Panama.

President Roosevelt has accepted the office of honory vice-president of the Public Schools Athletic League, the headquarters of which is in New York city. In his letter to General the office of honorary vice-president of the league, President Roosevelt expresses his cordial approval of the objects of the league, which are the promotion of athletics along healthy lines among school children. The president says he is glad the boys are being taught rifle practice.

PEACE DEPENDS UPON TWO RULERS

The Peace Envoys Become Silent Spectators of the Drama Now Being Acted

KANEKO AT SAGAMORE HILL

Both of the Warring Nations Seek the Good Offices of President Roosevelt to Prevent Failure of the Peace Conference.

By Wire to The Morning Star.

Oyster Bay, August 25.—Two Emperors, the one at St. Petersburg and the other at Tokio, are the determining factors in the pending peace negotiations. Although the negotiations temporarily are suspended at Portsmouth, they are proceeding actively through President Roosevelt at Sagamore Hill. He is in practically constant communication with the St. Petersburg and Tokio governments. By both of the warring nations his good offices have been sought and his efforts to bring their plenipotentiaries into accord and thus prevent a failure of the peace conference are unremitting.

Early in the day the President had an extended conference with Baron Kaneko, the recognized confidential agent of the Japanese government in this country. Neither the President or Baron Kaneko would discuss the nature of the interview. While the Baron's expressed views of the peace negotiations were not optimistic, he left a distinctive impression that the last word by no means had been spoken and that hope of a successful issue of the conference still was strong. He protested that Japan had no wish to do anything to humiliate Russia, but expressed the belief that the Japanese terms were quite reasonable, and that no further concessions would be made.

After the departure of Baron Kaneko, President Roosevelt was engaged with Acting Secretary Barnes for two hours in consideration of dispatches received, and in the preparation of those to be sent.

On Verge of Rupture.

Portsmouth, N. H., August 25.—The peace conference seems headed straight for the rocks. Despite the fact that every question of principle involved in the quarrel between the two countries has been settled in favor of the victor and that in reality only "words and money" still separate them, the negotiations seem on the verge of a final rupture. The air was filled to-night with gloomy forbodings, as superficially everything indicate that to-morrow's session of the conference will prove the "ssance d'adieu." In the most positive fashion it is declared that no new instructions had reached Mr. Witte up to this evening which would permit him to entertain the consideration of the compromise proposition submitted by Baron Komura on Wednesday and therefore unless Japan has a new proposial to make to-morrow all that seems to remain is for the plenipotteniaries to meet, sign a declaration that the conference has completed its labors, shake hands and part as enemies, not as friends. But there are still unknown factors in the situation which in a twinkling might change the situation. The result of President Roosevelt's second appeal direct to Emperor Nicholas has not transpired and the result of the pressure on Japan to alter the form of her proposal by the elimination of purchase price of the northern half of Sakhalin is not known. But the indications on both scores are not reassuring. The press dispatches from Tokio and St. Petersburg, read with the most intense interest, here indicate an intransignant attitude on the part of both governments. Yet both are anxious for peace and only "words and money" bar the path. Probably it is not a matter of more than $200,000,000, yet the Japanese cling doggedly to their demands. Their people at home insist upon it. The most competent Japanese authority who did not conceal his pessimism when asked to-night whether for the sake of peace Japan would yield further, replied:

"Read the dispatches from Tokio and draw your own conclusions."

Nevertheless there is warrant for the statement that they are not as implicable as they appear and from a conversation had by the Associated Press to-night the distinct impression was gathered that they would scale their money demand and use any "formula" which would be acceptable to Russia. It is not believed they propose to let the conference end to-morrow. On the Russian side all pretence of claiming that Mr. Witte is any longer negotiating has been abandoned. He has gone to the furthermost limit of his imperial master's orders. More, he cannot do, sincerely as he personally may desire to bring the negotiations to a successful conclusion. If to-morrow there is to be a change it must come from the Japanese side.

This would seem to indicate that the president's second effort had failed at St. Petersburg. What, if anything, he has been able to do at Tokio, through his interview with Baron Kaneko to-day, still remains a mystery. That the last word has not come from Tokio and that Baron Komura may still appear in a conciliatory role to-morrow may possibly be inferred from the following:

"The time for the sitting of the conference to-morrow was not set when the adjournment was taken on Wednesday. This evening Mr. Witte, through his secretary, notified the Japanese mission that he was ready to meet it in the morning at 9:30. The Japanese, after consultation demurred, on the ground that the minutes of the last meeting would not be ready in time. Therefore, at their request the meeting was set for 3 o'clock in the afternoon. Information received at a late hour indicates that President Roosevelt's efforts are not exhausted, that he is still in communication with Tokio and St. Petersburg. To-morrow's meeting, consequently is likely not to prove decisive. It probably will be perfunctory and some pretext probably will be found to adjourn over until Monday or Tuesday.

At midnight no message had reached Mr. Witte from the president and it was regarded as practically certain that an adjournment would be taken to-morrow until Monday.

At 1:30 A. M. a long cipher message arrived from Oyster Bay for Assistant Secretary Peirce.

St. Petersburg, August 25.—Almost everybody in St. Petersburg is awaiting the developments of today in the peace moves and hoping that a compromise is being effected, the most likely basis of which it is believed would be no indemnity but a payment for Sakhalin to be left for future adjustment.

In fact it was asserted yesterday in an exceptionally well informed quarter that this was the only possible basis for a compromise.

The belief is expressed in some quarters that there will be no session at Portsmouth today and the Associated Press is informed on excellent authority that a further adjournment could be taken as a most hopeful sign, as it would prove that serious efforts looking to a compromise were continuing. Up to 8 o'clock last evening Ambassador Meyer had received no message from Washington. The idea that President Roosevelt might again communicate with the Emperor through American ambassador finds credence in certain official quarters. The exchange of telegrams between Portsmouth and the foreign office continues, but the nature of these dispatches is a most carefully guarded secret. It can be asserted, however, on the best authority that any suggestion to Russia from any source whatever, that she assent to the payment of indemnity would be most unwelcome though a sincere desire for peace leaves her open for the suggestion of a compromise on other grounds.

Respecting the statement published in the United States to the effect that Count Lamsdorff, the Russian foreign minister had been interviewed and declared that Russia would not pay a war indemnity under any guise to Japan, the foreign office this morning declares officially and categorically that Count Lamsdorff has received no correspondent and given no interview. Nevertheless, the foreign office, through its recognized press representative maintains its attitude and reiterates its official utterances that Russia will not pay such indemnity.

According to information coming from a member of the imperial family the Associated Press learns that a dispatch was sent to M. Witte yesterday which is considered at Peterhof as offering a decided hope of peace. The Slovos' Portsmouth correspondent reporting the arrival of an "eagerly expected dispatch" quotes M. Witte as saying that his endeavor to influence St. Petersburg was more successful than he expected. The correspondent adds that there is ground for hope, as an agrement in principle has been reported and the question now hinges on the amount of the sum.

EQUITABLE MUDDLE IN COURT.

The Society Joins with the State in Making Full Investigation.

By Wire to The Morning Star.

New York, August 25.—The Equitable Life Assurance Society today joined with the State of New York in asking for a full investigation in court of its directors and officers and their alleged wrong-doings in managing the moneys of the society. The document which announced this determination was the answer of the 49 Equitable directors to charges made against them in connection with a suit brought against the Equitable Life Assurance Society by the State. This answer was filed with Attorney General Julius M. Mayer.

Admission is made that some officials of the Equitable have been guilty of improper and illegal acts. In all eleven charges are answered by the directors. Among these answers they admit the $250,00 loan to the Depew Improvement Company. They admit the $685,000 loan of the Mercantile Trust Company but waive responsibility in this loan so far as the board of directors is concerned and indicate Messrs. Alexander, Jordan and Deming as the persons having the most intimate knowledge of these transactions.

The charge that excessive salaries were paid to officers of the Equitable is not directly answered but admission is made that under guise of salaries excessive fees were given to certain Equitable officials who were also directors in other companies. In defence the answer states that these practices were not known to the whole board of directors.

Outlining their belief as to the best policy to pursue in fixing the blame for the Equitable scandals the directors say first that the blame for alleged cases of misconduct will be found to rest on individual officers and not upon the directors as a body. Having made this explanation the answer then admits in a general way the wrong doings charged.

The first charge specially answered is that premises on Broadway were let at inadequate rental to the Mercantile Safe Deposit Company. This is admitted, but it is denied that at the time this lease was made James H. Hyde, James W. Alexander, Gage E. Tarbell, Valentine P. Snyder and others were stockholders and directors in the Mercantile Safe Deposit Company.

With certain reservations admission is then made that the capital stock of the Missouri Safe Deposit Company was acquired by the Equitable Society which paid $250 per share for shares of a par value of $100.

As to excessive and unwarranted loans to agents the reply admits that they were made.

The consolidation of the Western National Bank of New York city with the National Bank of the United States of New York by which a money loss resulted to the Equitable Society, and a profit to some of its directors is also admitted. Admission is made that some of the pensions paid were excessive and improper.

Charges of the existence of excessive deposits in the National Bank of Commerce of New York and other banks are admitted, but this admission is restricted to those directors and officers who actually had charge of or knowledge of these transactions.

Precisely the same restricted admission is made concerning the officers of the American Deposit and Loan Company a corporation which is admitted to have been organized for lending money to policy-holders upon policies held in the Equitable and used to the profit of the directors and others in the Equitable.

The $10,000,000 surplus held by the Equitable Society is the final item considered by the directors and in substance their reply of this charge is that they do not know precisely what their rights are regarding the surplus and that they are willing to leave this matter for the courts to decide.

Trade in the New York dry-goods market was conducted on a fairly liberal basis yesterday, both at first and second hands. Firmness was the principal feature. Jobbers continue to do a large business.

INCREASE IN NEW CASES

Partial Quarantine of New Orleans Against Infected Parts Outside City Ordered

NUMBER OF NEW CASES 65

No Delay in Through Freight Trains—Prohibition of Fruit Trade With Colon Recommended as It Has Always Been a Danger Point.

By Wire to The Morning Star.

New Orleans, August 25.—Following is the official report up to 6 P. M. Friday:

New cases, 65; total to date, 1,665.

Deaths, 6; total, 242.

New foci, 16; total, 376. Remaining under treatment, 280.

The figures show an increase in the number of new cases over yesterday's report and if there is any particular cause to assign for it, it is the excessively warm weather of the past few days, which has been most favorable for the development of the infection. The increase is so slight, however, that it does not in any way affect the hopeful feeling of those engaged in the campaign which is progressing with every degree of harmony and promise of success.

New Orleans has received one case of fever which appears to have come from Memphis. This case was a woman who came here August 16th and was taken ill two days later. The case was manifestly not contracted here, owing to early development of the disease after arrival.

The list today shows seven new foci up town and three more in Algiers. Of the deaths one was a sailor at the marine hospital, another was a very old man at the Emergency Hospitl and one a child in the Peters avenue neighborhood. The others were Italians.

Reports from the country show 18 new cases.

Gulfport, Miss., three miles west of Mississippi City, and where Dr. Wasdin makes his headquarters in conducting the campaign in Mississippi, reports three cases in the northeastern section of the city in a boarding house. The origin of the cases is unknown, but it is believed that they came from Mississippi City.

President Souchon, of the State board, Surgeon Guiteras and others will go to Paterson tomorrow to determine whether the State should take charge of the situation there entirely.

Partial quarantine of New Orleans against Louisiana points infected with yellow fever was ordered today by the State board of health to enable the Federal authorities to stop indiscriminate travel between infected points and New Orleans, the idea being to prevent Italians and others who carried fever from New Orleans to outside towns from returning to New Orleans, bringing with them fresh infection.

The yellow fever situation in New Orleans today showed some increase in new cases and disease centers.

Due to the fact that false impressions apparently exist elsewhere, the Southern Pacific Company announced today that there was no delay whatever to through freight from any place to points west of the Mississippi river.

All the roads make the same announcement with respect to through traffic and there has been no diversion whatever of trans-Atlantic tonnage.

Dr. J. N. Thomas, in charge of the quarantine station at the mouth of the Mississippi river today reported to the State board of health saying:

"Fruit trade with Colon should be prohibited. If it was stopped yellow fever could more easily be prevented from landing on Southern coasts. Colon has always been a danger point."

E. S. HOLMES, JR., INDICTED.

Charged With Conspiracy to Defraud the Government.

By Wire to the Morning Star.

Washington, August 25.—Edwin S. Holmes, Jr., of Washington, D. C., until recently the associate statistician of the Department of Agriculture, but who was dismissed as an outcome of the investigation into the leakage in the cotton crop reports, has been indicted by the grand jury on a charge of conspiracy to defraud the government. This announcement was made tonight by United States District Attorney Morgan H. Beach, just after he had returned from New York city where he has been instrumental in causing the arrest of Frederick A. Peckham, the New York broker at Saratoga, and Moses Haas, of New York.

There are two indictments covering thec harges against the three men.

STEAMERS IN COLLISION.

The Blanche Goes to the Bottom—Crew and Passengers Saved.

By Wire to The Morning Star.

Newbern, N. C., August 25.—During a dense fog today, the 97 ton local freight and passenger steamer Blanche of this city, was sunk near Johnson Point about six miles below Newbern through collision between her and the 720 ton steamer Neuse of the Norfolk and Southern Railroad Company. The Blanche was struck on the side about half way between her bow and middle part and cut through the keel. She remained impaled on the bow of the Neuse which gave opportunity to rescue all the crew and passengers uninjured, after which the Neuse freed herself by backing away and the Blanche went down. The Blanche was worth about $5,000.

A SENSATIONAL STORY

Young Man Allowed Himself to Be Convicted of Theft in Order to Save Woman's Reputation.

By Wire to The Morning Star

New York, August 25.—As strange a story as that constituting the plot of any novel will be told to Governor Higgins of New York, by a New York city lawyer when he endeavors to secure the pardon of a man who choose to serve a sentence of three years imprisonment in Sing Sing prison, for theft, of which he was innocent, to shield the name of a woman from scandal. Carl Fisher-Hansen, the lawyer, said to-day he would at once appeal for the pardon of the prisoner, whose name he would not reveal, at the request of the woman whose reputation the prisoner had saved at an expense of his own liberty. The woman, Mr. Fisher-Hansen said, had visited his office within a few days and said that the husband had just died, and that she now wanted to do justice to the prisoner. They had been friends, and, more than a year ago, when her husband returned unexpectedly, he save here from scandal, theTAOIN caught the other running away. To save here from scandal, the man confessed that he had broken into her home to steal. Whereupon he was arrested and now is in Sing Sing.

The prisoner, said Mr. Fisher-Hansen was a young college student who disappeared from one of the colleges when he was arrested.

"I will not say whether it was Harvard, Yale or Princeton," said the lawyer. No one has ever known what became of him as he was tried and sentenced under an assumed name.

The woman in the case has also paid a penalty for her indiscretion as a servant, who knew of the affair has collected $86,000 in blackmail from her within a few years. She is a member of one of the best of the old families of New York, and her late husband owned several factories in New Jersey.

The lawyer added that he expected a signed statement from the woman and would then investigate the case.

DUN'S REVIEW OF TRADE.

A Remarkable Record of Commercial Activity Noted.

By Wire to The Morning Star

New York, August 25.—R. G. Dun and Company's weekly Review of Trade tomorrow will say:

Distribution of autumn merchandise is in progress unusually early this year and the volume of forward business is so heavy that the last half of 1905 promises to establish a remarkable record of commercial activity. Current retail trade is well maintained, the urgency of orders received by jobbers indicating that dealers stocks are becoming depleted and there is little complaint regarding collections. More labor disputes have reached settlement and no serious controversies are threatened while in many sections the supply of wage-earners is inadequate. Freight blockade and insufficient rolling stock cause delay, despite widely extended facilities as compared with last year and this trouble will probably increase as the crop moving season advances.

Mills making fabrics are enjoying large degree of activity and appear to have more business in sight than any other branch of manufacture. This is due in part to the low position to which stocks were allowed to become depleted before purchasing became general and also to the firmness of raw material, which does not encourage delay in providing for future requirements.

CAUSED WIFE'S DEATH.

J. A. Evans, a Prominent Young Man, Arrested at Tampa, Fla.

By Wire to the Morning Star.

Tampa, Fla., August 25.—J. A. Evans, a prominent young man recently from Georgia, was arrested here this afternoon on a warrant sworn out by his deceased wife's father, T. C. Smith, former mayor of Coolidge, Ga., charging him with manslaughter in causing the death of his wife by a criminal operation. Evans was released on $500 bail. Mrs. Evans died in May, 1904, and Evans instituted prosecution against the attending physician, Dr. Hiram S. Hampton, charging him with manslaughter by the careless and ignorant performance of a surgical operation. Dr. Hampton was convicted in the criminal court and sentenced to five years in the penitentiary, later securing a new trial from the Supreme Court.

Dr. Hampton now claims to have discovered evidence that Evans performed a criminal operation on his wife prior to calling him in as a physician and that his conviction was the result of a plot to shield the real culprit. Mrs. Evans' father upon considering this evidence, instituted the prosecution of his son-in-law today. Evans and Smith are members of prominent families in their section of Georgia.

THAT SEIZED TOBACCO.

No Evidence That There Was Any Fraud Intended.

By Wire to the Morning Star.

Washington, August 25.—Regarding the reported seizure at New York of 108 bales of Havana tobacco which had first been entered and duty paid at Tampa as filler. First Assistant Secretary of Treasury Reynolds said today that the entry at Tampa and subsequent shipment of the tobacco might or might not be an evidence of fraud. After the duty had been paid at Tampa, he said, the owners had a perfect right to ship the tobacco to any point they desired, but such a proceeding was very unusual. He added that he had instructed the collector at New York to seize the tobacco if he found, upon examination, that there was a marked difference in the quality of wrapper tobacco found by him and that reported at Tampa. Up to this time, however, Mr. Reynolds has received no report of seizure and has no knowledge of what the New York examination disclosed. He is of the opinion that only a part of this shipment is in question.

DAMAGE BY CLOUDBURST.

Miners Drowned and Houses Washed Away.

By Wire to The Morning Star.

Trinidad, Colo., August 25.—According to belated, meagre reports somewhat conflicting, received to-night about a score of miners were drowned or are missing, 25 or 30 houses and shanties were washed away or damaged and much damage was done to mines and railroads near Tobasco, Colo., last night by a cloud burst.

Communications are so difficult that no definite news of the disaster is available to-night.
